Airview of St. Albert, showing the St. Albert Hatchery and Poultry Farm, taken in 1947. Mr. R. Douziech has a hatchery at Kingsway and 101 St., Edmonton.

Community Problems To Be Discussed

MORINVILLE. - There will be a general meeting in the Town hall on Sunday night, March 6, to discuss community problems. An exceptionally good speaker will be in attendance. This is your prob-lem, so how about seeing you

As a result of the recent re-treat, several study clubs have been formed, the main purpose of which is to get people interested in community affairs. For ex-ample, every Sunday night, "Preparation for Marriage" courses are given in the rectory. These are under the sponsorship of the

Legal Man Is Seriously Injured

LEGAL - Legal district residents will be shocked to learn of serious injuries sustained by Terry Mossip, 23, of the Legal area, re-cently, on the highway about 14 miles north of Morinville.

At press time, the Royal Alexndra Hospital reported his condition "still serious.

Pending a full release of details of the accident by the R.C.M.P. who are investigating cause of the accident, it is understood that Mossip when he was hit by an oncoming car, was standing on a road watching a truck pull his car

Visibility at the time of the accident is said to have been bad. Glaring headlights of an approaching car may have been partly re-sponsible, it is believed. The vic-tim is understood to be suffering severe skull injuries

Ice Carnival Is **Held Saturday**

MORINVILLE.—The Morinville Sports Association announced that the ice carnival held Saturday night was a great success. Many colorful costumes supplied interest for the spectators, this interest being held by the Morinville Pee Wees as they skated to a 4-3 vic-

tory over St. Leon.

Then the moccasin dance brought all—young and old alike out on the ice. Hot dogs and cof-fee served to renew the crowd's energy as the evening of entertainment drew to a successful

Health, Recreation **Club Activities**

ST. ALBERT.—The juniors of the St. Albert Health and Recretion have formed a junior games club. Meeting twice weekly from 7:30 to 9 p.m., they enjoy group games, "pingminton, badminton and pingpong." The recently ac-quired pingpong table is proving a great success and quite a drawing card for a number of older boys. How about a few of the married men and women coming out to try their skill? When? After 9 p.m. Mondays and Thursdays and on Sunday afternoons. Fee? One dol-lar for the balance of the season or 25c per evening.

The combined group of junior and senior girls had a successful asting party on Thursday, Feb. in spite of the blizzard. After battling the wind for an hour or more they were glad of the lunch of hot cocoa and doughnuts. A folly sing-song rounded off the folly sing-song rounded off the evening. Another party, probably a skating party this time, is plan-ned for the early part of March.

MORINVILLE NEWS

MORINVILLE. - Mr. MORINVILLE.—Mr. Andrew Lavallee spent last week-end in Banff and upon his return he re-marked on the large number of skiers there. Mr. Lavallee went via the ski train

An Imperial Oil employee, Mr. Terry Mossip, was seriously injured Saturday night in a car accident near Vimy. At last report he was still unconscious. Mrs. Ernest Steffes, a victim of the same accident, is also in hospital. The second Communion Break

fast sponsored by the C.Y.Q. will be held Sunday, March 6. Don't miss the fun this time!

miss the fun this time!
Mr. and Mrs. George Torgerson
if Imperial Oil spent the week-end
in Calgary visiting relatives.
On Tuesday, Feb. 22, Robert
Kamarta was injured in an accident at the Morinville Collieries. Rumors were circulating that he had died as a result of the injuries received, but it has since been reported that he is improving rapidly. John Kamarta is the injured man's father.

St. Jean-Demers Marriage Celebrated

LEGAL.—Last Tuesday, Miss Rita Demers and Mr. Raoul St. Jean were married. The bride wore

The bridesmaid was her sister, Irene. She wore a pink gown. The best man was the groom's brother Leonard. A dance was held for them that evening at the Morin-

CARDIFF NEWS

ow home on a 20-day leave from

Ross Returned As Town Mayor

ST. ALBERT.—Neil Ross was re-elected mayor of St. Albert by acclamation at town elections held at St. Albert Monday. He will serve a two year term. A long-time resident of the town, a cook.

George Gaulin, garage owner, elected town councillor, together with Bert Sumner, feed mill owner. This will mark the for a period of three years.

A good percentage of the vot ters, were reported out, with ap-proximately 235 votes polled of a possible 350 votes. Defeated candidates for the position of town councillor were Leonard Adam and Stan Hauptman. E. Perron was returning officer for the town.

Funeral Services For Old Timer

MORINVILLE .- Morinville has lost another of its oldest and per-haps one of its finest citizens, for on February 26, Mrs. Aristelle Riopel died at the age of 80 years. Funeral services were held the following Monday with Rev Fath-er Tessier officiating. Interment took place in the Morinville ceme-

Mrs. Riopel, the former Mary Perot, was born in Joliette Countv. Que., in 1869. She was married to, que, in 1000. She was married in 1889 and three years later came to Morinville—one of the first women to settle here. She soon won the praise and respect of everyone she met in her new

In July, 1937, Mr. Riopel died, and also pre-deceasing Mrs. Rio-pel are 11 of her 16 children. Three boys and two girls remain.

LET'S INSIST ON THIS

There are one or two things about the proposal to export natural gas that every wide-awake Albertan should insist

Before any gas is exported, we should be assured that adequate supplies, enough to last for fifty years or more, are assured to people of this province.

And secondly we should see to it that profits made by the Government in exporting gas to other areas be used to sub-sidize laying of pipe lines to towns and villages now without

The Boards of Trade of Daysland and Killam and the Chamber of Commerce at Hardisty have been trying to find out why a gas line can't be 20 miles south from the Wainwright line to the Hardisty line. All sorts of reasons—shortage of pipe, long distances, small population, etc., are advanced, for not extending gas service to towns east of Camrose. Still talk goes on about piping gas to Vancouver, Seattle, Winnipeg and other far-distant points

Let's insist that Alberta's own people get gas service along with any extension to other parts.

In Search Of A Typical Canadian

By H. J. THOMPSON

(The characters in this sketch are not fictional, but similarity in names or places to persons livor dead are purely co-inci-

Paul is a farmer's son, not yet of voting age, mentally bright with an unusually retentive memory. A propensity for story telling, though his treatment of the subject matter of an anecdote may lack descriptive camouflage of a delicate noun, that is all because an unfinished public school education fails in the choice or use of the polished dictionary word.

Called out of school, to work on the farm, at an early age Paul's natural ability has over-come this disadvantage. Highly educated, he would be called a brilliant conversationalist.

brilliant conversationalist.
Paul's aptitude for sport, base-ball and hockey is in no way hampered by restriction in the matter of schooling. Though his ancestors once trod the plains of the Ukraine, his assimilation of Canadian ideals of fair play and true sportsmanship, hard playing to win but being a good loser, when his team doesn't win, is not confined to sport but anylied to confined to sport but applied to

everyday living.

In this young man, we have a good Canadian, with a jest for living, who laughs at the dumps in hockey and works as he plays, with energy, devotion and concentration. A good neighbor, friendly, sympathetic to your losses, jovial and glad for your successes, envies no man. Respects all who deserve respect. Loyal to his team mates, interested in his district's social and economic welfare. Proud of his country, content with the small part destiny allows as his share in its progress.

To the Pauls, Alex and Franks

of many districts contributing their best in the field of sport and everyday living, I give this sketch as first recognition of merit. The place good sportsmanship and sport has in better interdistrict resport has in becce.
lations, where people meet lations, where people meet on common ground, without a thought for the distractions of racial and sectional differences. For in sport only of all social ac-tivities, the competative achieve-ments of the players are appre-ciaed by the fans, whether winners or good loosers, free from all attachments to the trivial differ-ences, marked in other ordinary occupations, thus delaying the final achievement of a united typical Canadian citizenry.

Tested Recipes

APPLE SNOW SAUCE

Steam quartered apples until soft and rub through a sieve. For every cup of apple pulp allow 2 egg whites. To the stiffly beaten egg whites. To the stiffly beaten egg whites gradually add ½ table-spoon strained lemon juice, and the cup of apple pulp. Whip 1 cup of heavy cream and fold gently into apple mixture.

PLAIN GINGERBREAD

2 cups pastry flour 34 teaspoon soda 14 cup brown sugar 14 teaspoon salt

½ teaspoon salt
1 cup sour milk
½ cup molasses

1 egg
4 tablespoons shortening
1¼ teaspoon ginger

1 teaspoon cinnamon
14 teaspoon cloves
Put shortening, sugar, molasses
not spices in a bowl; stand bowl in
ot water or over slight heat, and as the shortening melts beat mix

ture vigorously until it is smooth

Cool it, add egg, beaten light, and alternate the milk with the flour, salt and soda, sifted to-

Grease a pan, turn in the mix-ture, and bake in a moderate or rather slow oven (325 deg. F.) for 45 to 50 minutes.

HEALTH SCHEME FOR

BRITAINS MINERS

as mustrai disease and wettare problems.

The scieme is a miniature plan for miners within Britain's National Health Service.

Said Mr. Norman Mattrass, Northern Divisional Labor Officer of the National Coal Board: "The plan is to give the miners an unrivalled medical service."

TWO GOOD OLD ENGLISH RECIPES

These two recipes may be of in-terest to housewives in Canada The recipe Trifle is, of course, not possible for housewives in Britain under present rationing condi-

BEFFSTEAK AND
KIDNEY PUTDING

1-lb. beefsteak
¼ lb. sheep's or ox kidney
¼ pint water
½ lb. such pattour
salt and pepper
Method:
Line a deep bowl, well greased,
with such paste rolled 1-3 inch
thick. Put the flour, with salt and
pepper, on a plate, cut the meat
and kidney into cube, roll them
bowl and pour the water over.
Wet the edge of the pastry liming,
and cover with a round piece of
pastry, thoroughly seal the edges,
cover with buttered paper, and
steam three hours. Turn the pudmay be served in the bowl with
a table napkin folded around,
when serving, dilute the gravy
with hot water.
SUET PASTRY

- 1½ lb. flour
 14 lb. suet
 14 teaspoonful salt
 15 teaspoonful baking
 powder
 cold water

Method:
Shred the suet finely, add to the
flour with the baking powder and
salt, and enough cold water to
make into a paste, which must not
be too stift. This may be boiled
be too stift. This may be boiled
can derved with treacle, jam, etc.

Should Alberta Export Natural Gas?

*Radio Talk By James Walker Gives Facts Speaks for Northwest Natural Gas Co.

Should we of Alberta export natural gas—or should we not? I believe we should. The Northwest Natural Gas Company plans to build a pipe line to convey natural gas from Alberta to Vancouver, via Spokane and Seattle. But first via Spokane and Seattle. But first let me assure the people of Al-berta — and this is an assurance from the Company I represent given to the Commission on Na-tural Gas appointed by the Gov-ernment of Alberta—that it is only a portion or the surplus gas avail-able that will be exported, and that portion only after providing for present and future requirements of the Province of Alberta. The present and foreseeable future natural gas requirements of the peo-ple of Alberta must be assured an ave priority over export

RESERVES ARE AMPLE

I think we all realize that there are vast reserves of natural gas in Alberta, discovered and yet to be discovered. Geologists tell us that the geological conditions in Al-berta are quite like those in the large gas producing areas in the United States, where large re-serves are being continually added as a result of the search for oil and gas. At the present time there is no incentive in Alberta to ex-plore for, or develop gas fields. Recent discoveries of gas have Recent discoveries of gas have been made by accident in the search for oil, but, unfortunately, these wells are being capped or abandoned, because there market for gas.

What happens to reserves when there is an incentive to find na-tural gas? According to the Amer-ican Gas Association, the total gas reserves in the United States the year 1925 amounted to only 23 trillion cubic feet. The rapid expansion of pipe line transmission systems made a market for na-tural gas and so encouraged the search for new discoveries that by the end of 1947 the reserves had risen to the astounding figure of approximately 166 trillion cubic feet. The discoveries of natural gas have kept far ahead of con-sumption as result of the search to supply new markets. In Alberta, it is reported that in the five year period ending 1948 an estimated gas reserve of 2 trillion, 800 billion cubic feet of gas was discov-ered. Most of these discoveries were made accidentally in the search for oil. The suggestion of Dr. Link, a consulting geologist well known to Albertans, that the reserves in Alberta might prove to be 50 or even 90 trillion cubic feet should, therefore, not be

RESERVES WILL INCREASE

Dr. Hume, Dominion, Govern-ment Chief Geologist, giving evi-dence recently before the Alberta Gas Commission in Calgary estimated reserves of 4.3 trillion cu-bic feet. It is a coincidence that Mr. W. E. Spooner, a consulting geologist from the United States who also gave evidence before the Commission, estimated the reserves, including the Pincher Creek field, to be 4 trillion, 900 billion cubic feet, which is closely in line with Dr. Hume's estimate.

When we talk in terms of ap-proximately 5 trillion cubic feet, let us remember that the present consumption of Alberta is less than 40 billion cubic feet per an-num. At this rate of consumption there is a supply for about 120 years, even although no new discoveries are made, which is very

improbable. Present reserves will be increased many times if a mar-ket for gas in created. After all is said and done markets are necessary for any industrial progress

There are people who question the ability of geologists to meas-ure the amount of gas underground. All sciences have made a tremendous advance in technical knowledge in comparatively recent years and that following the extraordinary development in the gas industry in the United States during the past 20 years, geologists have had sufficient experience to arrive at scientific calculations which are reliable and rea sonably accurate. The geologists themselves are not in doubt about this point

INDUSTRIES ENCOURAGED

The opinion is widely expressed that Alberta should keep its gas and force new industries to locate in the province. As a citizen Alberta, I am in the front rank those who would like to see the an industrial But up to the present time cheap fuel in the form of gas and coal has not attracted industry here to any marked degree. Fuel is not the factor in cost of production that people generally be-lieve. The overall cost in Alberta excluding electric energy, is said to be actually less than 1% of the value of the product. Furthermore it will be obvious that gas exto Vancouver, would cost much more at the end of the pipe line dustries, seeking cheap fuel buld, therefore, still come to Al-rta. Industries complementary to the gas industry would be er couraged to locate in Alberta for the following reasons: It will be necessary to have the natural gas as it comes from the wells strip-ped of natural gasoline. In addi-tion the propane and butane will be extracted. Both propane and butane, if recovered in large amounts, should found the basis of new industries in the province The propane can be used as bottled gas in the rural districts of the province. Also, propane and espe-cially butane, would be available for use in chemical plants as raw materials for the manufacture of materials for the manufacture of artificial rubber, nylon and many other products. The Company has already been approached about the possibilities of extracting sulphur from the gas. The sulphur would be used to manufacture sulphuric acid or some other chemical prod-uct. The project of the North-west Natural Gas Company will, therefore, stimulate and not hinder industrial expans

MILLIONS OF DOLLARS

The project when completed will be one of Alberta's largest indus-tries. It will exceed any other company in capital investment and will rank among the first 12 in payrolls and the first 6 in cost of materials. It is estimated that 1 million dollars will be paid yearly in Alberta in wages and that a further sum of \$250,000 yearly will be paid in wages by companies who supply the gas. In addition to payrolls, the governments would benefit substantially from royalty payments and taxes. Payment for rights-of-way are esti-

ment for rights-of-way are estimated at \$500,000.00.

The limitations of time will not permit me on this broadcast to give full details of the company's project, particularly as to the beneficial effects it will have on the economy of the Province of Alberta. These are of extreme importance and I shall discuss them fully in my next radio talk on this fully in my next radio talk on this

same station.

The subject of gas export is of

major importance to the people of Alberta and I hope that my lister ers tonight, and others, will be sufficiently interested to tune again next week when I will continue the discussion.

(Mr. Walker's second address will be printed in this space next week). (Advt.)

Larson formerly resided north of

In making the announcement, Rev. Emanuel J. Heuer. District Secretary, commends the new colporteur to the people within the auxiliary bounds, from Ponoka and Chauvin north, to Peace River and Fort St. John. This is a large area. One man cannot fully cover it. However, in view of the vast amount of work and far greater needs in other parts of the world, it is the policy of the Society to have only one colporteur in each auxiliary in Western Canada.

A colporteur's work consists of Reling the Scriptures; Bibles, Testaments or Gospels with the view to placing a copy in every home. In addition he will carry a few other Scriptural supplies and will be prepared to take orders for others. These items are car-

ried for the convenience of those

Mr. Larson plans to spend considerable time in the more remote areas at such seasons of the year when road and weather conditions permit. There are people living in areas in which there is little church work done and the Bible Society would like to reach such

The District Secretary would especially commend Mr. Larson and his work to the clergy, ministers and pastors. As a colporteur he would wish to work in complete co-operation with with the

Mr. and Mrs. G. Aquin from forinville were visiting relatives Morinville in Vimy.

Last Friday the midget hockey team played against the Clyde midgets on their home ice. They

The Westlock senior hockey team played against Morinville on Vimy ice last Saturday. The Morinville team was victorious, 7-4. Fog which often blotted out the goals across the rink slightly hindered the game.

Good Attendance At Annual Meeting of Village

MILLET-The annual meeting the village council was held rly in the month with a good attendance.

Nominations were held for a new councillor to replace Alfred Moll, who retired this year. Mr. J. C. Wagner and Mr. Kenneth Kerr were nominated. Mr. Kerr with-drew hs name. Mr. Wagner s now the new councillor for the village.

Elections were held on Friday afternoon, February 25th, for the Millet School Board, Mr. F. J Higginson and Mr. C. H. Thomprunning for the new term to fill the vacancy made by the re-tirement of K. Kert. Mr. C. H. Thompson was elected.

Mary Gynn, soprano, who is of-ten heard from Winnipeg in re-citals and as soloist with Jimmy Gowler and the orchestra on Prairie Schooner. Her specialty is Scottish folk-songs which seems only natural when you her maiden consider her malden name, Campbell. Born in Kingston, On-tario, she moved to Winnipeg as a child and began her radio career there during the war years. In those days she was known as Mary Campbell and appeared on CBC net works with Winnipeg orchestras conducted by Geoffrey Waddington and Roy Locksley.

Teen-Time Column

LAC LA BICHE. — Hi, gang! Say gals, mind if us fellas take over this week and present a few of our views!

You so-called young ladies might think we approve of man-nish attire but we find it downnish attire but we find it down-right disgusting to pick up a gal for a dancing date and find her attired in jeans and a plaid shirt big enough for Joe Palcoka. Slacks are okay for sports but for public appearances NIX!! .. So

public appearances NIX!! . . . So change your style, eh gals!

Speaking of dates. When we take a girl out on a date, we don't like to have her winking and making passes at other men, try-ing to lead us in a dance, and most of all we hate to have a girl refuse to dance with us. We may not all be experts but give us time,

e'll learn.
That's about all we have to say for ourselves. But now a word from our Teen-Time organization. We've heard remarks passed about our column which were certainly disgusting. After all you older folks have other ways to represent your views so how about letting us represent ours this way

Our names are unknown to each and everyone of you because our gang likes to keep it secret, so next time think twice before you speak; a Teen-Timer may be

New Station Agent

REDWATER — For years the people of Redwater have been fighting for a station agent and their desire has finally been ac-

hieved.
On February 1st the C.N.R. sent out a young man, Len Donaldson, to be the first station agent of Redwater. Len took over the hard-est task to come and work for a strange public.

Now since all of us at Redwater have achieved one of our desires, let's all co-operate with Len and welcome him as a prominent citi-zen of this community. Good luck, Len Donaldson!

present and our feelings are hurt very easily.—So long!
